

## L SERIES TERMINATION KIT

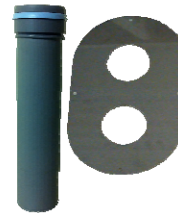

ISTAGL SERIES

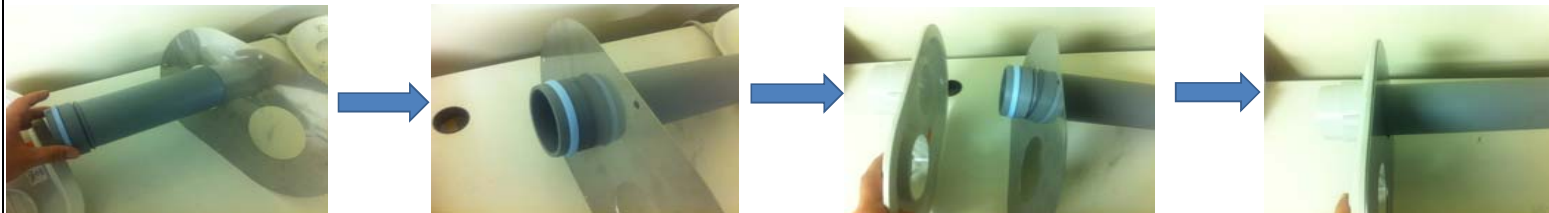

IATP SERIES

ISLTK KITS

SKU	Description	Unit
ISLTK02	ISTAGL0202 & IATP0202	EA
ISLTK03	ISTAGL0303 & IATP0303	EA
ISLTK04	ISTAGL0404 & IATP0404	EA
ISLTK06	ISTAGL0606 & IATP0606	EA
ISTAGL0202	2" Termination Adaptor W/Gasket Long	EA
ISTAGL0303	3" Termination Adaptor W/Gasket Long	EA
ISTAGL0404	4" Termination Adaptor W/Gasket Long	EA
ISTAGL0606	6" Termination Adaptor W/Gasket Long	EA
IATP0202	2" Termination Plate	EA
IATP0303	3" Termination Plate	EA
IATP0404	4" Termination Plate	EA
IATP0606	6" Termination Plate	EA

**Pictured above are the ISTAGL and IATP:**

Use of the ISLTK Kit allows contractors to utilize the Lochinvar provided low profile termination with InnoFlue Vent Systems. Both ISTAGL (Termination Adaptors) and ISTP (Termination Plates) are required when using Lochinvar provided twin pipe low profile terminations. Simply swap out the factory supplied steel plate with an ISTP. Ensure that the smaller diameter hole is aligned with the exhaust. This smaller diameter hole prevents the ISTAGL from being pulled out of the twin pipe low profile termination.
